

Second Newsletter- April 2017

The Be The Change project, financed by Erasmus + programme, started in November 2016 and will end in October 2018. It is based on an Intergenerational Learning methodology and aims at developing trainings, materials and guidelines for the validation of entrepreneurial competencies acquired in non-formal educational settings. The target group of the project is twofold: older adults with entrepreneurial experience and young people Not in Education, Employment and Training paths (NEETs).

The partners represent various European regions, who aim to produce a common perspective and methodology that can become a European benchmark in the field of intergenerational learning.

They are: Istituto Nazionale Di Riposo E Cura Per Anziani- Inrca (Coordinator)-Italy; Universita Ca' Foscari Venezia-Italy; Magyar Női Karrierfejlesztési Szövetség-MNKSZ- Hungary; AWO Berlin Spree Wuhle E.V. – Germany; Upi - Ljudska Univerza Zalec- Slovenia; Universita Ta Malta- Malta.

The second meeting of the consortium took place on 3-4 April in Budapest to review the progress of the work carried out by the partners: the face to face interviews with 15 entrepreneurs aged 50+, the focus-groups with NEETs, 15 young people 18-29 and the collection of 3 Good Practices in each country. The data of the findings serve as scientific base of the first Intellectual Output completed in the form of the framework analysis in order to understand the learning needs of both groups.

The partners agreed on the structure of the national reports and the international report, the results are going to be detailed in the national reports and summarized in an International Report. The next phase of the project will cover the conceptualization of the training materials, its structure and content.

The Partners agreed that the 3rd Transnational Meeting will take place in Slovenia in September 2017.
